YESTERDAY'S PROCEEDINGS.

The District Missionary Meeting Here Closed Last Night.

Yesterday's sessions of the Missionary council of this District, W. F. M. S., were largely attended and most instructive from every view point. The routine matters occupied the hours of the morning and afternoon sessions and the night was given over to hearing addresses and a charming letter from Miss Lulu Best of Matanzas, Cuba, who is employed as a teacher in that new possession.

Possibly the feature of the day was the address of Rev. Mr. Dixon, who has for many years been a Missionary to Brazil. His was along the line of work immediately under his supervision—the people, their habits and customs, the country, its possibilities, climate, do., and the country as a glimpse into the future with its possible outcome. The speaker was entertaining and held the attention of his hearers throughout.

Mrs. Oden, General Secretary of the District, conducted the devotional exercises and the local choir sang delightfully the hymns of Zion.

The next meeting will be held in the fall of 1901 at Flemingsburg.

It has been a most helpful meeting and the interest exhibited has clearly proven that the greatest cause of Missions both Home and Foreign, are not wavering.

Never try to coax a cold or cough, use the cough medicine. It is the only remedy. It is the only remedy. It is the only remedy.

Herbie sweetens the breath, brightens the eyes and clears the complexion without the slightest ill effects whatever, and ensures the natural bloom of health. Price, 50 cents. J. Jas. Wood & Son.

Mr. C. C. Morris, an osteopath of Ashland, and Miss E. C. Hanes of St. Catherine, Mo., were married Friday night at Castletown. They had never seen one another until Friday. The engagement was brought about by correspondence. Now what do you think of that? Always go away from home to hear the news—Caldwell Independent.

"What do we think of that?" Why, we think that every cased one of the lying "special correspondents" of sensational yellow journals ought to be given a bath of tar and be rubbed down with feathers.

THE Y. M. C. A.

Exceptionally Pleasant Affair at the Rooms Last Evening.

In the Y. M. C. A. Rooms last night a very pleasant reception, planned by the Ladies' Committee, came off.

A table, so formed as to make a large Y and beautifully decorated, was placed in the room, at which about forty were seated to enjoy the inn which had been prepared.

The Rev. F. W. Harrop acted as Toastmaster, and in response were Mr. J. T. Kackley on "For What Are We Met?" Mr. John Daley, "Methods to Win?" Mr. R. A. Cochran, "Is the Y. M. C. A. Needed?" Mr. J. B. Wood, "To the Campaign!" Mr. W. G. T. Baker, "Exposition of the Campaign." Dr. J. C. Moiley, Rev. H. T. Cree and Rev. John Barbour also spoke. The affair was an exceptionally pleasant one throughout.

There is probably no disease more distressing and annoying than piles. Taber's Buckeye Plaster cures the cure in the first application. The cure begins on the first application, a little perspiration makes the cure complete. Price 25c. In bottles, Tubes, 75 cents. J. Jas. Wood & Son.

Ships can now go to sea with frozen ammunition. A method of utilizing lighted air on warships has been discovered which will render the explosion of a magazine, even when the ship is in full action, almost impossible. The method is to use the liquid air that will freeze the ammunition to several hundred degrees below zero. In full action it could not explode, even if it should burst in the magazine.

PSHAW! FRANK BROWN'S theft from the Newport Bank wasn't so much after all. Why, a man getting \$3 a day for his work could earn the amount in 185 years.

The Kansas Banks continue to prosper. The deposits amount to \$45 for every man, woman and child in the state. That's why Kansas repudiated Bryanism this year.

New York's crusade against vice is moving. Two singers and the Manager of the Grand Opera-house have been held for trial for the singing of secular songs on Sunday. The next thing you may hear is that somebody has been arrested for murder.

At the recent election Scott county cast 2,589 votes for BECKHAM and 2,107 for YERKES; and yet, when JIM CANTRILL and Sheriff STUFF were selecting the Juries to try POWERS and YOUTSEY, they really found 22 Goebel Democrats and could find only 2 Republicans. Strange, isn't it?

The Courier-Journal, which of late is nothing if not inconsistent, is trying mightily hard to make it appear that the Republican vote in the Eleventh District has been "padded," its object being to induce the belief that Judge O'REAR has not been fairly elected to the Appellate Bench. But what has The Courier-Journal to say of the vote in the Democratic county of Mason in comparison with the vote in the Republican county of Whitley? The population of Whitley is 25,015 and it cost only 4,574 votes, while the population of Mason is only 20,446, and yet it cast at the recent election 5,405 votes. Any "padding" there—eh?

The waves of modern life have reached the ancient walls and ways of Jerusalem. There are strong indications that the long-time isolation of the sacred city has passed and that within a comparatively few years new influences will have changed its character entirely and made it once more a potent factor in the progress of the world. The growing commercial power of Germany in Palestine, the Zionist movement, the ambitions of the Jews of the Holy Land, all are tending to modernize the spot, to center there high intelligence, culture and scientific thought. New sanitary methods are already being practiced. Plans for safe and commodious streets and avenues are under consideration. The soil is being tilled with foresight. The electric light, the telephone, a sewerage system, pavements, nineteenth century buildings—all are to be part of the new Jerusalem to be raised upon the foundations of the old. It is gratifying to know, also, that these tendencies contemplate preserving all that is sacred and historic in the old city, all that Christian and Jew revere as part of that past in which each sect finds its inspiration.

MURPHY, THE JEWELER

By the way, has any person heard of one Capt. Schurz since the earthquake?

The battleship Kentucky has been ordered to touch at the Turkish port of Smyrna as a forcible reminder that her big turret guns might prove disastrous should the Sultan longer delay the payment of the \$100,000 due the United States. And, by the way, this is the proper time of year to tackle Turkey.

The Greenup Gazette sets at rest a story that has been considerably discussed. It says: "It is going the rounds of the press that Congressman POON was deprived of 180 votes in Greenup county. This is not true. The Election Commissioners at first refused to count POON's vote at the Russell Precinct, because the certificate was not signed. The election officers came forward and signed the certificate, and then his vote was counted by the Election Commissioners. Mr. POON's vote at Russell was 180. It was an oversight on the part of the election officers at Russell. There was no intention on their part to do any candidate a wrong. They are honest men who wish to see every candidate get every vote that is cast for him."

Useful Household Articles

The attention of every housekeeper in this section is called to the articles named below, all of which are used almost every day in the year. They are the best that can be bought anywhere, and when the Frank Owens Hardware Co. recommends an article you know it's the best that money will buy:

Universal Food Choppers
Enterprise Meat Cutters
Enterprise Lad Presses
Butcher Knives,
Fire Shovels, Pokers,
Claws, Fire Guards,
Scoop Shovels,
Axes and Axhandles.

The prices are too low to mention in print—there are no figures small enough to fit the prices we have marked on them. But the smallness of the price does not diminish the value of the article at all.

MURPHY, THE JEWELER

CARE SCHURZ hasn't as yet announced to whom he will throw his powerful influence in the next Presidential campaign.

The Louisville Post was startled by the unexpected appearance of an army of grubworms in that city. Perhaps they came out to be hunted for by BRYAN and BECKHAM.

The National Grange, Patrons of Husbandry, in session in Washington City, unanimously adopted a resolution strongly urging the construction of the Nicaragua Canal by this Government. The Grangers are level-headed on one thing, anyway.

A Day's Doings in Kentucky.

AN ANGRY SALESMAN. He Passed the Quarantine Guards, But He Had to Walk Five Miles in the Rain.

Ashland, Ky., Nov. 23.—J. L. Smith, a traveling representative of a Cincinnati house, arrived here late Thursday night tired, wet, muddy and probably the maddest salesman that ever entered the state of Kentucky. Smith was a passenger on the east-bound C. & O. train Wednesday evening, and wanted to go to fronton. On account of the large number of cases of smallpox at Russell, Ky., a strict quarantine is being maintained, and the C. & O. is not allowed to receive or discharge passengers at that point. Smith, however, pushed the guards and got off the train there. He was not allowed to board the ferry boat. He finally picked up his grips, got past the guards in the darkness and walked the five miles between this city and Russell in the rain. He left here Thursday morning. It is said the name Smith was assumed.

MILWARD'S DEATH.

It Is Now Believed the Lexington Hardware Merchant Was Faultily Murdered.

Lexington, Ky., Nov. 23.—The Herald Friday says: "Charles S. Milward, the hardware merchant, was faultily murdered. With the passing of excitement and confusion incident to the finding of his dead body on Wednesday morning, have been collected facts which point conclusively to assassination by a thief or an enemy, who opened the door from the outside and shot Milward as he passed out."

The suicide theory had been generally accepted until Thursday night.

New Bank in Newport.

Newport, Ky., Nov. 23.—The authentic announcement was made on Thursday morning that steps had already been undertaken by a wealthy syndicate, composed of a number of Cincinnati business men and financiers, to establish a new bank in Newport. The capital stock, it is reported, will be \$200,000, and the men interested are said to represent many millions. The banking of the district substantial, and the future of the new bank probably depends to a large extent upon the reopening or reorganization of the local Germania National bank. Those interested, however, say that the new bank will be established in Newport in any event, even if the Germania National is again opened upon a new basis.
